PRODUCT DESCRIPTION

The belt clip allows the tablets IS910.x and IS930.x to be easily and securely attached to a stable tool belt. With the integrated KontaktPro® adapter, the devices can be plugged in safely and quickly, ensuring one-handed operation. To remove, simply swivel the IS910.x/IS930.x forward 90° and lift it upward from the holder. The device can be remounted in any position. The proven clip technology can benefit many industries; for example, police and

fire brigade use it for radios

Compatible with devices   IS910 series & IS930 series
